FESTIVAL U OPPOZICIJI - UMETNOST I POLITIKA IMPROVIZACIJE

Platforma za uspostavljanje odnosa umetnosti, edukacije i politike improvizacije, kao i privremenih zona *grupnosti* i zajedničkog stvaranja, kroz participativnu muzičku i poetsku produkciju. OUR 'Accompanyings' incira zajedničku umetničku produkciju u okviru festivalskog formata, sa namerom da konceptualizuje i postavi pitanje umetnosti i politike improvizacije. Ovaj anti-festival oslonjen je na ideju Dereka Bejlijia (Derek Bailey) koji je organizovao jedninedeljni godišnji festival slobodne improvizacije *Company Weeks* (1977–1994). To je bio ujedno naziv serije izdanja različitih ansambala sa stalnim promenama članova.

Samim naslovom događaja mislimo na *Rock in Opposition*, pokret muzičkih bendova koji su se suprotstavili monopolu muzičke industrije tokom sedamdesetih godina.

Ovaj susret se realizuje u kontekstu atrofiranja savremene umetničke produkcije, koja se u današnjem srpskom društvu odvija u pravcima komercijalizacije, festivalizacije i svođenja umetnosti na društvenu korisnost. Osvrnućemo se na istoriju, ali i na razvoj novih oblika i odnosa umetničke produkcije, kao i na istraživanje novih oblika obrazovanja u umetnosti.

Festival u opoziciji se realizuje u okviru šireg projekta „Proširena estetska edukacija“, koji predstavlja internacionalnu saradničku mrežu organizacija iz Novog Sada, Zagreba, Skoplja, Berlina i saradnika iz Londona.

FESTIVAL IN OPPOSITION - ART AND POLITICS OF IMPROVISATION

Platform for establishing a relationship of art, education and politics of improvisation, as well as temporary zones of *groupness* and joint creation, through participatory musical and poetic production. OUR 'Accompanyings' initiates joint artistic production in the (anti)festival format, with the intention to conceptualise and ask questions of art and politics of improvisation. This anti-festival inspired by Derek Bailey's *Company Weeks*, annual week-long free improvisational festivals (1977–1994). Also this was the name of records' series of shifting ensembles with ever-changing musicians.

With the title of the event we think of *Rock in Opposition*, the movement of music bands which opposed to the monopoly of music industry during seventies.

This event is realized in the context of the atrophy of contemporary art production, which in today's Serbian society develops in direction of commercialization, festivalization and reducing art to social usefulness. We will look back to the history, but also to development of new forms of art production, including exploration of new forms of education in the arts.

Festival in opposition is realized within a larger project "Aesthetic Education Expanded", which represents an international collaborative network of organizations from Novi Sad, Zagreb, Skopje and Berlin with collaborators from London.

4 STALNA POGONA 4 ONGOING DRIVES

OUR 'Accompanyings' > Improvizacije > Performansi

OUR 'Accompanyings' je ključni element događaja. U pitanju je reaktivirana zona zajedništva kroz eksperimentalnu i participativnu muzičku i poetsku produkciju. Kao i za vreme *Company Weeks*, ovo će biti "otvorene zvučne sesije" u kojima će se mešati različite postave i muzičari.

OUR 'Accompanyings' > Improvisations > Performances

The OUR 'Accompanyings' are crucial. It's a trigger zone of togetherness through an experimental and participatory music and poetic production. These are 'Open Music Sessions' and as with the *Company Weeks* it's about mixing up different combos of musicians.
